6) The Residency letter is not very clear. The I.G. of Police may therefore be unofficially consulted on the following points. If the retrocession takes effect the Mysore Govt. will have to bear the police charges wholly unless the M. & S. Ry. Co. can be persuaded to bear 7/10 ths of the charges as in the case of the Bangalore-Nanjangud & the Birur-Shimoga lines:-

The points are:-

1. What are the objections, if any, to working with the existing railway police of the H.G.F. Railway if brought under the control of the I.G. of Police?

2. What strength of our own Police would be needed for the purpose?

3. Whether the whole of the

For this, we have a different staff, equal to a perhaps more than what the C & M. Station has maintained. What staff the C & M. S has, can be ascertained, if desired, from the Residency.

14) The question of ceding jurisdiction over certain lines of the Mysore State Ry was under correspondence in Nov 1893 and the K.G.T. Ry. which was then nearing completion was also asked to be included in the list of lines over which jurisdiction was proposed to be ceded to the British Govt. This was done accordingly. Though the K.G.T. Ry. was opened in June* 1894 the jurisdiction over the line was assumed by the British Govt only on 6.2.1896. What arrangements were made for policing the line between June 1894 & Feb 1896 is not known as no references are traceable on the subject. Probably the policing of the line was undertaken by the Dunbar. The D.G.'s office records may throw some light on the point.

20) As regards the proportion of charges to be borne by the State & the RY admn., attention is invited to the Resy letter dy 26-2-1896 in which it is clearly laid down that in open lines of railway, the practice is to divide the Police charges in the ratio of seven to three: between the RY Admn & the Govt & that this principle should be applied in the case of railways in Native States. Hence, the State is bearing 3/10 of the Police expenditure in the other lines of RY. If the enlisting of a separate Police force for the KG & is approved, we have to address the RY to intimating the total Police charges & the amount to be debited to them.

80) A comparison of the cost of the police force as furnished in the First Assistant Resident's letter with the scale sanctioned by Government for this branch line will show that the number of constables now provided by the State is the same as that maintained by the Civil and Military Station police prior to the retrocession, the only addition thereto being a Sub Inspector on Rs. 30 plus 12. This single officer is obviously necessary as much for investigation work on the whole line as for exercising efficient supervision and control over the staff of constables thereon, who cannot be left to themselves.

81) The Civil and Military Station maintained one Sub Inspector on a higher pay as also a Head Constable at Bowringpet, for both this branch line and the joint station work, which on account of the importance of the station, they say they contemplate further strengthening.

82) Likewise, for the same considerations of growing importance of the branch line and exigencies of the times, a greater amount of vigilance and police protection is imperative, for which adequate provision has to be made from time to time by all the administrations concerned.

84 The original statement of the Dy Police Mast the free outer branch line consisted of 2 officers and 12 constables that his proposal involved a saving of Rs 1152, & that Shaw Bros made with sufficient reservations. Apparently it would be did not take into account that the British ~~Police~~ Army Navy were policing the Bowring pet station also, & that that station was not included in the concession.

85) Part time can have no doubt that the force proposed by the Dy of Police cannot be reduced without sacrificing efficiency & proper control. From the ~~company's~~ details furnished by the Company, it is apparent that they have not made sufficient allowance for the appointments & duties of Superintendents & constables. The method of calculation by which the officers who ~~were~~ ~~had~~ supervising the whole line, have not been specially allotted to the Bowring pet-station does not seem to be sound. A proportionate share must be allotted to the branch line; and the share claimed by the Durbar, viz the pay of a Sub-Inspector with 30 + 12 does not seem to be very large. Further, it is clear & admitted that even the present establishment for the Bowring pet-

In calculating the cost of the branch line, the cost of supervision admitted by the Government of India on the suggestion of the Hon'ble the Resident is Rs.552 plus 120 or Rs.672 per annum (vide margin of para 3 of First Assistant Resident's letter No.4901 dated the 12th July 1915), whereas, the charges provided by us on account of the Sub Inspector amount to only Rs.(30 plus 12) X 12 or Rs.504 per annum.

117)
2. The cost of the constabulary, at rates of pay prevailing on the Kolar Gold Fields, is Rs.2,376 per annum, which with (i) clothing and equipment charges of Rs.270 and (ii) Rs.54 for contingencies for oil etc, amounts to Rs.2,700; or the actual expenditure on the entire police force maintained by us for this branch line amounts to Rs.504 plus 2,700 or Rs.3,204 per annum, seven-tenths whereof, Rs.2,242.8, has

H.O.J 8-15

to be met by the Railway Company. The excess over what the Company would agree to pay, Rs.1,882, is therefore Rs.360.8 and not Rs.134, as apparently the charges for clothing and equipment and contingencies for oil etc - items (i) and (ii) referred to above - have been omitted in the Hon'ble the Resident's calculation.

120)

3. The establishment of an adequate police staff on any open line of Railway, at whatever cost it may be, is a matter of public necessity, according to exigencies of times and circumstances, and the question is never what amount is to be borne by the Railway Company but what <u>proportion</u> of cost of such staff it has to meet, which, in the present case, is seven-tenths of the entire charge, or Rs.2,242.8, on the understanding existing between the same Company and the Durbar.

I generally agree with the opinion expressed by the Inspector-General of Police. The question of determining the total cost of the Railway Police Staff for the Branch Line, should rest with the Mysore Government and not with the Company. And whatever cost is so determined by the ~~Inspector~~ Mysore Government, the Company should bear 7/10ths of it including clothing and contingencies. On this principle, the amount that has to be borne by the company at present comes to Rs.2,242-8-0 (7/10ths of Rs.3,204/), and not Rs.1,882/ as the Company is stated to have agreed to pay, the difference being Rs.360-8-0 and not Rs.134/- as stated in the Residency letter which omits clothing and contingencies. After all it has to be remembered that the line is Mysore's and not the Company's; 7/10ths payable by the Company comes from the Railway revenue which belongs to us. The Company get only 1/20th of the profits for working.

145) The IG's original figures sent in 1913, were based on the British Indian force maintained for both Bangalore and the K.G.F. lines. His present letter explains the difference to some extent.

146) Though the number of constables who had been employed by the British was the same as now, there cost seem to have been less by 360 Rs per annum. This accounts for the present difference to great extent. Then the Residency seem to have left out of consideration, the clothing & contingent charges amounting to Rs 324/- a year. The draft may refer more specifically to this omission. If this omission is rectified by the Resd[t], then there will be only Rs 192/- remaining for adjustment, and the general principles noted in the draft will apply to that.

This is apparently due to the higher rate of allowance we are paying the Constable. The average pay of a British constable is said to be Rs 10-8. whereas that of an Indian constable is Rs 12-8.

(1) whether the cost of clothing per man and contingencies provided do not exceed those incurred for the District Police;

each constable of our Railway Police (on the Bangalore - Nanjangud and the Birur - Shimoga section on Kolar District and Bangalore - Chikballapur Light Railways, as also on the Kolar Gold Fields section) is the same as that of a constable of the City Police Force, being somewhat higher than that of a constable of the rural District Police, owing to difference in articles of uniforms prescribed for them, the ratio between the two being as 3 : 2 x The actual costs are as on the margin. This prescribed scale of uniform, which is and has to be the same for the whole system of our State Railways, cannot be changed, and the cost therefore does not admit of reduction, which is the same in other sections of our Railway, which the [redacted] and Southern Mahratta Madras Railway Company work for us.

As for (2) - reference is invited to the concluding portion of paragraph 2 of my letter No. 7 4421/571 dated the 21st February 1916, wherein is explained the reason for the extra cost on account of the constabulary. Their pay is the same as that of the District Police, but the men on the Kolar Gold Fields Railway are given special allowances at the rate of Rs.4 each, like the other constables on Kolar Gold Fields, where owing to the peculiar circumstances and conditions and costliness of living etc, officials and menials of all Departments of Government are given special local allowances. The rates of salary being the same as those given to the constables of the Kolar Gold Fields

Police, the average per man is Rs.12/8 against the average of Rs.10/8 worked out for the Civil and Military Station Police. This difference, however, would now get considerably reduced, taking into view the higher rates of pay recently sanctioned by the Secretary of State for India to the Police constables in the Madras Presidency, the minimum pay of a constable there being Rs.10, and the average pay Rs.12.

163) The proportion of the higher grade of constables to those on lower pay is higher, being as 3 : 5 against as 3 : 9 of the rural District constables. For obvious reasons, these are details necessarily varying, according to circumstances and local conditions or transfers of men etc, in the interests of efficient work.

164) Apparently, all that the Agent would seem to want is information to enable him to adjust his lump sum grants for Police charges.

To

Sir,

With reference to your letter No. J.1855/Pol.113-13-4 dated the 22nd instant, requesting to submit proposals for policing the Kolar Gold Fields Railway, the retrocession of jurisdiction over which has lately been sanctioned, I have the honor to confirm my Telegram of date, as per margin, and to state as follows -

Kolar Gold Fields Railway Police. I have carefully inspected and studied requirements on spot. Against present scale of British Railway Police costing rupees four thousand and thirty two per annum, we need a minimum indispensable scale costing three thousand one hundred and fifty rupees, three tenths of actual cost thereof to Government being rupees nine hundred and forty five per annum. I have also the requisite staff of one Sub Inspector and sixteen constables ready, and can resume jurisdiction between Marikuppam and Bowringpet any day ordered. Letter explains details.

2. The present strength of Police maintained over the Kolar Gold Fields branch line of the State by the Civil and Military Station is 2 officers and 22 constables, at a total cost of Rs. 4,032 per annum, against which, on looking into the local conditions and studying the line, it is found indispensable to maintain at least 1 officer and 16 constables at an aggregate cost of Rs. 3,150 per annum, as detailed in the accompanying proposition statement. Out of this police charge of Rs. 3,150, 7/10ths is chargeable to the Kolar Gold Fields Railway, and 3/10ths or Rs. 945 debitable to the Provincial

11

Budget, which is considered modest, consistent with the importance and efficiency expected of the Force.

3. The pay and allowances to the constables are fixed according to the scale of the Kolar Gold Fields Police, the pick of whom will be deputed to the Railway, entertaining substitutes in their stead for general work. The requisite police lines now attached to the various stations will be utilized for the men. As the Civil and Military Station Police are likely to need the station and lines at Bowringpet, I propose to make , for the present, Oorgaum the head quarters of the Sub Inspector, for whom accommodation will be necessary in course of time.

4. The District Superintendent of Police, Kolar Gold Fields, will be the Superintendent of this Railway Police, directly under the orders of the Inspector General of Police, as on our other State lines.

5. I have, therefore, to request you to be so good as to obtain early orders in the matter.

6. The appendices forwarded with your letter under advertance, regarding the rules for reporting accidents etc, will be returned separately.

I have the honour to be,
Sir,
Your most obedient servant,

Mysore, General and Revenue Depts, Bangalore.

Sir,

Adverting to Government Proceedings No.J.2113-14/ Police.113-13-7 dated the 30th January 1914 sanctioning an establishment of one Sub Inspector and 16 constables to the Kolar Gold Fields Railway line at a cost of Rs.240/- per mensem I have the honor to state that no provision has been made for contingencies, an indispensable item of expenditure. Hence, I request that sanction of Government may be obtained very earl for an allotment of Rs.4-8-0 per mensem, or Rs.54/- per annum for contingent expenditure, the cost during the current year being met from the anticipated savings under the head "Executiv Rural Police" with necessary provision therefor in the future Budgets.

SIR,

I am directed to refer to Mr. Srinivasiengar's letter No. 633 Pol., dated the 18th February 1914, regarding the Police establishment sanctioned by the Durbar for policing the Kolar Gold Fields Railway.

2. The Police establishment now sanctioned by the Durbar is in excess of that maintained on the line when it was under British jurisdiction, and it has been intimated to this office that the liability of the Madras and Southern Mahratta Railway Company for their share of the cost will be increased by about Rs. 521 a year. Since the recent changes in the police arrangements on this line have been made in the interests of better police administration at the Gold Fields and, so far as they are concerned, the former arrangements were satisfactory, the Railway Company are not prepared to accept any increase in their contribution. The Resident will be glad to be informed of the views of the Durbar in the matter.

SIR,

I am directed to refer to Mr. Narasinga Rao's letter No. C. 80-Pol. 113-13-17, dated the 6th October 1914, regarding the contribution payable by the Madras and Southern Mahratta Railway Company to the Darbar on account of the police force employed on the Kolar Gold Field Railway.

2. The annual cost of the police force maintained prior to the retrocession of jurisdiction was as follows:-

A	(1 Sub Inspector (1 Head Constable at Bowringpet Junction (5 Constables	₹. 1734/-
B	(13 Constables on the Branch line and (3 reserve constables	2016/-
	(Bicycle allowance to Sub Inspector for (travelling on branch line	120/-
	Total	3870

Force A has been maintained at Bowringpet and in view of the increased importance of the junction, it is proposed to strengthen it considerably. Force B represents the -- reduction that can be made on account of the branch line jurisdiction over which has been given to the Darbar, and the cost amounts to ₹. 2136/-.

R. O. 2—R. P. B.—10-1914—1,000.

3. The Darbar, in their proceedings No. J. 2113-14 Police 113-13-7, dated 30th January 1914, have sanctioned a force costing ₹. 2,880/-. It will be seen therefore that the cost of policing the branch line is increased by ₹. 744/- and the 7/10th share payable by the Southern Mahratta Railway Company amounts to ₹. 520-12-10 or ₹. 521 in round number.

ed for the branch line is the same as that maintained by the C & M. Station prior to the retrocession of jurisdiction on the line, the only addition being a Sub Inspector on Rs 30+12 per mensem. The Madras & Southern Mahratta Ry. Co have, in their calculation, apparently lost sight of the charge of supervising the police establishment sanctioned on the line. A proportionate share of the expenses which was being incurred on account of the officers who were formerly supervising the whole line but whose work is now said to be confined to the Bonnigpet Station should, in the opinion of the Durbar, be taken into consideration in calculating the cost of the force.

(They consider that the six police sanctioned by them for this line is necessary as much for investigation work on the line as for exercising supervision over

2. The Government of India have accepted the Resident's suggestion that in calculating the cost of the branch line allowance should be made for the cost of supervision and that half the cost of the Sub Inspector and Head Constable stationed at Bowringpet might be reasonably adjusted admitted on this account.

3. The annual cost of the establishment previously maintained on the branch line works out accordingly to Rs. 2,688 as shown in the margin. Of this amount the Madras and Southern Mahratta Railway Company agree to pay Rs. 1,882, viz 7/10, as they have done in the past. They are not however prepared

to accept any further liability. It will be seen that the company's proper share of the cost of the establishment now maintained by the Durbar works out to Rs.2,016 (7/10 of Rs. 2,880/-). The difference involved is only Rs. 134 and the Resident is confident that the Durbar will have no objection to paying this small additional sum, since the transfer of jurisdiction was made in the interests of the most important industry in the State.

To

The Secretary to the Government of H. H. the Maharaja of Mysore, General Department.. Police

Sir,

With reference to your letter No. 1560/Pol.113-13-28 dated the 30th October 1915, regarding the particulars of the cost of the police force maintained by the Civil and Military Station on the Kolar Gold Fields Railway prior to the retrocession of jurisdiction over the line to the State, I have the honour to submit that in the scale as shown in the statement appended to my letter No. C.236 dated the 30th December 1913, the full pay and allowance of a last grade Sub Inspector and a first grade Head Constable, amounting to Rs.85 per mensem or Rs.1,020 per annum, is shown, while the figures given by the First Assistant to the Hon'ble the Resident - viz., Rs.552 plus Rs.120 or Rs. 672 per annum - are only half of the average pay of a Sub Inspector and a 2nd grade Head Constable and the whole of the allowance of the Sub Inspector, the other half of the pay of these two officers. who were maintained for duty over this line, being debited to the main line over which also they exercised jurisdiction, thus showing an excess of Rs.348 per annum in the figures furnished by me. Even against this sum of Rs.672 per annum, charged for by the Civil and Military Station, we have provided for only a Sub Inspector on Rs.30 plus 12 per mensem or Rs.504 per annum, which is less than the cost for supervision in the

54

pre-retrocession days, by Rs.168 per annum.

2. The number of constables shown in the margin of your letter under advertance, viz., 16, is exclusive of the number they had maintained for the joint station at Bowringpet, where they had seven men, out of whom only one has been shown as had been provided for the Kolar Gold Fields Railway, the other six, perhaps, they still have as formerly, for the main line. In my statement, I had included all the 22 constables costing Rs.3,012 per annum, while the cost of the 16 constables (whose actual maintenance charges amounted to Rs. 2,184 per annum) as shown in your letter is worked, on the basis of budget calculations as per codal rules, at their average pay of Rs.10-8-0 per man per mensem, which amounts to Rs.2,016 per annum. Whereas, our 16 constables' actual cost is Rs.2,376 per annum, including the special local allowances they draw on the scale allowed to the constables on the Kolar Gold Fields, showing an excess of Rs.360 per annum.

3. This excess of Rs.360 for constables set off against the saving of Rs.168 under supervision referred to in para 1, gives only a small net excess of Rs.192 per annum for the whole force found indispensable to maintain by the State.

4. A statement showing the strength and cost of the Civil and Military Station and Mysore Police, as far as I am able to gather, as they stood on the date of the retrocession, is herewith submitted for information.

I have the honour to be,
Sir,
Your most obedient servant,

Inspector General of Police.

Will you please refer to Mr. Narasinga Rao's letter No. 1092 Pol., dated the 1st May 1916, regarding the amount of contribution payable by the Madras and Southern Mahratta Railway Company on account of the charges of the police employed on the Kolar Gold Fields Railway by the Durbar. The annual cost of the police -- maintained by the Durbar consists of :-

(1) Cost of 6 constables at Rs. 9+4 and 10 constables at Rs. 8+4.	Rs. 2,376.
(2) Cost of one Sub Inspector.	504
(3) Clothing	270
(4) Contingencies.	54

2. As regards clothing and contingencies, I referred the matter demi-officially to the Agent, Madras and Southern Mahratta Railway and from the enclosed copies of my demi-official letter to him and his reply, it will be seen that the Railway Company is prepared to accept 7/10ths of the cost of clothing and contingencies provided these charges do not exceed per man those incurred in the instance of the District Police. It is presumed that the condition attached to the Railway Company's acceptance agrees with actual facts. If so, the question of clothing and contingencies may be regarded as satisfactorily settled.

3. There remains the question of the cost of establishment which before the cession of jurisdiction was calculated to be Rs. 2,688* and is now Rs.2,880 a year. There is thus an increase of Rs. 192 and it is the 7/10ths of this increase (or Rs. 134 a year) which the Railway Company have declined to pay. I took the

the opportunity of Mr. Todd's visit to Bangalore to discuss the case with him, and although in the absence of his office file, he did not know exactly the grounds on which the Railway Company objected to pay the Rs. 134 in question, he informed me that his company would be prepared to consider any increase to the police expenditure provided that, before sanctioning them, the proposals were referred to him with a note explaining the necessity for the same. He said that he has to restrict his expenditure to a sanctioned budget estimate and it is not possible to meet increases without previous warning. Mr. Cobb thinks that it would be advantageous if the Railway Company is consulted in the case of such proposals and accordingly commends Mr.Todd's suggestion to the Durbar's consideration. With respect to the cost of the police on the Kolar Gold Fields Railway the Resident will be glad to know why, on the figures given above, the cost of the constables exceeds that previously in force and in particular whether the rates of pay and allowances and the proportion of the higher paid constables to those on lower pay are the same as in the case of the District Police

Yours sincerely

Dear Sir,

Gist for Kn'dy

~~Please~~ refer to your D.O. No.4740 dated the 6th July 1916 regarding the -- amount of contribution payable by the -- Madras and Southern Mahratta Railway ---- Company on account of the charges of the police employed by the Durbar on the --- Kolar Gold Fields Railway?

It is ascertained that the cost of clothing for each constable is the same as that for a constable of the City Police force, and somewhat higher than that for a constable of the rural District police. This is due to the difference in the articles of uniforms prescribed for - them. The prescribed scale of uniform is and has to be the same for the whole of the State railway police; and the cost which is the same as for the other sections of the railway which the Madras and ------ Southern Mahratta Railway Company work for the State does not therefore admit of --- reduction. The contingent charges are not fixed according to the number of men ----- employed at a station but according to local conditions and the needs of the station. On an average such charges for a station in the Kolar District amount to Rs.7 while those provided for the Kolar Gold Fields railway ~~is~~ are only Rs.4-8-0.

As regards the question of the excess in cost of the present constables over that of the constables entertained previously

by

by the Civil and Military Station administration, I may say that the average per man works out at Rs.12-8-0 as against Rs.10-8-0. This excess is due to the local allowance that has to be given to the constables owing to the peculiar circumstances and conditions of the Gold Fields. Even this difference would now get considerably reduced seeing that higher rates of pay have recently been sanctioned to constables in the Madras Presidency.

The proportion of higher grades of constables to those in the lower grade is 3:5 against 3:9 in the rural District police; apart from the fact that details in this respect have to be adjusted from time to time to local conditions and transfers in the interests of efficiency, the nature of the work on the railway line necessarily requires a somewhat higher proportion of better paid and more efficient men than in the districts.

In conclusion, I may say that due intimation will be given to the Railway Company in the case of all increased expenditure that may have to be sanctioned, so that the Agent may not have "to meet increases without previous warning."

This

This, I presume, will be sufficient. Obviously it will not be practicable to consult the Agent or obtain his approval in regard to proposals which the Durbar may have to sanction in the interests of administrative efficiency.

Yours sincerely,

To

Major T.H.St. George Tucker,
First Assistant to the Hon'ble
the Resident in Mysore.

My dear Sir M. Visvesvaraya

I am desired to invite a reference to the correspondence ending with Mr. Narasinga Rao's D.O.letter No. C.S.185/Pol. 113-13, dated the 30th August 1916, regarding the amount of contribution payable by the Madras and Southern Mahratta -- Railway Company, on account of the charges of the police -- employed by the Durbar on the Kolar Gold Fields Railway.

I am to say that the Agent of the Madras and Southern Mahratta Railway accepts the charges on the basis of the -- Durbar's figures, not only with regard to the cost of clothing and contingencies, but also with regard to the cost of establishment, viz , 7/10ths of Rs. 2,880/- which is the present cost of establishment.

Yours sincerely
Y. Sr G
Secretary.
